

April 14, 2011

**SPECIAL PROVISION**

**PROJECT # F-007(23)9  
PIN # 5865**

**SECTION 00555M**

**PROSECUTION AND PROGRESS**

**Supplement Article 1.7 with the following items that apply only to the change order for the precast pavement portion of the work located on I-215:**

**1.7 NOTICE TO PROCEED**

- A. Proceed with precast pavement portion of the work after receipt of written notice from the Department.
- B. Notify the Engineer at least two weeks before beginning work on precast pavement portion of work.
- C. Time charges will begin base on the following:
  - 1. Start Date must be between June 1 and June 3, 2011
  - 2. If the Contractor fails to notify the Engineer on or before May 15, 2011, then contract time begins on June 1, 2011.

**Delete Article 1.12 and replace with the following:**

**1.12 LIMITATION OF OPERATION**

- A. No work will be allowed before June1, 2011
- B. All paving operations must be completed by June 31, 2011
- C. Temporary hot mix asphalt paving may be used at the completion of each day's work to transition concrete panel replacement with existing pavement.
- D. Contractor will be required to obtain noise and other permits and perform work within those limitations.
- E. Traffic Control set up will be allowed to begin starting at 7:30 P.M. daily (Monday through Sunday).
- F. A single lane closure will be allowed daily (Monday through Sunday) beginning at 8:00 P.M.
- G. Two lanes will be allowed for closure daily (Monday through Sunday) beginning at 10:00 P.M.
- H. Two lanes of traffic must be open by 6:00 A.M. weekdays (Monday through Friday).

- I. All three lanes of traffic must be open by 6:30 A.M. weekdays (Monday through Friday).
- J. Two lanes of traffic must be open by 7:00 A.M. weekend days (Saturday and Sunday).
- K. All three lanes of traffic must be open by 9:00 A.M. weekend days (Saturday and Sunday).
- L. Conduct work to minimize lane closures. Maintain communication with UDOT Traffic Operations Center 801) 887-3700 during lane closures.
- M. Lane closures beyond allowable timeframes will result in a lane rental charge of \$15,000 per lane per hour.
- N. Coordinate construction schedule and traffic control plan to accommodate Highways for Life Showcase event.
- O. Install load transfer devices on installed precast concrete pavement panels while new panels are being placed to minimize traffic closures for load transfer devices.
